2 July 1956

MEMORANDUM FOR: Chief, FI/RQM/RC

SUBJECT : Teletyped Information Reports

1. GENERAL

The following summarizes the Cable Secretariat's reproduction and dissemination of Teletyped Information Reports (TDs) for the period 4 June - 1 July 1956 (20 work days, 4 weekends).

2. VOLUME

A total of 557 TDs were processed during the period. This compares with a total of 465 Preliminary Disseminations for the month of May. This represents a 19% increase in volume June over May.

3. DIVERSION FROM TELETYPE

Of the 557 TDs involved, 95 were transmitted by teletype. This represents a diversion of 82% from electrical to courier channels.

4. DAILY AVERAGE OF TDS PROCESSED

Monday-Friday	25
Monday-Fri. by Teletype	2
Saturday by Teletype	12

5. AVERAGE NUMBER OF COPIES ISSUED

To DD/P Elements	32
To others	52
Total Average	84

Total Number of copies issued - Approximately 48,000.

SECRET

SECRET

6. FALL OF TDS

Before 3 PM	186
3/5	185
5/7	160
After 7	26
Total	<u>557</u>

25X1A

7. Chief, Signal Center, estimates the diversion of TDs from teletype to courier channels effects a daily saving of 16 hours of cryptographic labor. The Cable Secretariat estimates a workload increase of approximately 6 hours daily of mail and file labor.
